

International Court System GoTV 2020

The GLBT Civil Rights Network USA are already working towards the “Get out the Vote” campaign for 2020 and hope to have full media ready by June.

Today we will be launching our website with voter information for registering, a list of all the primary dates and other voter information.

<https://www.glbtvote.org/>

One thing we will do differently this year is to include a bio on each candidate to help people make informed choices.

Starting with the first primary we will send out information via Facebook / email as we did with the 2018 campaign and keep tailoring our message to VOTE as the year progresses
