Progress:

1. Dustin and Tina Louise will be the Committees points of contact for members of the ICS
2. Monthly posts on ICS Women's forums highlighting notable women, provide support and reassurance of a voice at the council level for all.
3. Spread message that the title of "women" refers to all women and is all inclusive.
4. Began to brainstorm 2020 women's month initiative with goal to pitch in Washington, DC at September meeting. Focus is to be an international effort.
5. Will be reaching out to ICS members outside of the council to join the committee with the intent to bring more voices and perspective to the table. All will be welcome, are wanted and are needed.
